

Victoria Daly Shire Council

Approved Rating Proposal 2010-11

Section 142 *Local Government Act*

Council may rate conditionally rateable land in the 2010-11 year in accordance with the approved proposal for the 2009-10 year and with the addition of the CPI amount to the base figure.

For this purpose the following definitions apply:

Base figure means the amount expressed to be the base figure for a particular rate, which is used to calculate the CPI amount for the rate for that year for a given property.

CPI amount means an amount equal to the base figure for a particular rate, multiplied by the annual change (expressed as a percentage) in the Darwin CPI as at the end of the December quarter 2009.
